

Commercial Broker Price Opinions

The value of The Acres Groups Commercial Real Estate Broker Price Opinions (BPOs) goes beyond the price. We utilize technology and local market knowledge to deliver BPOs you can trust.

Key Benefits

- Up to 100 % of the BPO cost refunded if the asset is listed with The Acres Group
- Completed by a highly trained team of commercial real estate experts
- Cost efficient compared to appraisals
- Maps of subject property and comparables giving added perspective
- Aerial images help provide a clear understanding of the surrounding area not easily seen from the street
- Easy-to-reference forms allow for quicker decision making
- All BPO's are independently reviewed to ensure the highest quality reports available
- We offer BPO services for Office Buildings, Shopping Centers, Multifamily Apartments, Land, Developed Lots and all other types of commercial real estate assets

Overview

The Acres Group provides the highest quality commercial real estate Broker Price Opinions (BPOs) available with access to the most comprehensive commercial real estate sales and leasing data in the market.

Whether you are in need of a valuation for a shopping center, apartment complex, office building, large track of land or any other type of commercial real estate asset, our professionals have the tools and knowledge to deliver the highest quality reports available.

These image and data rich reports provide a clear understanding of the subject property allowing for confident decisions. For almost a decade, our professionals have gained our clients trust by utilizing technology to produce BPOs that go beyond our clients needs. We build lasting customer relationships by exceeding our clients expectations.

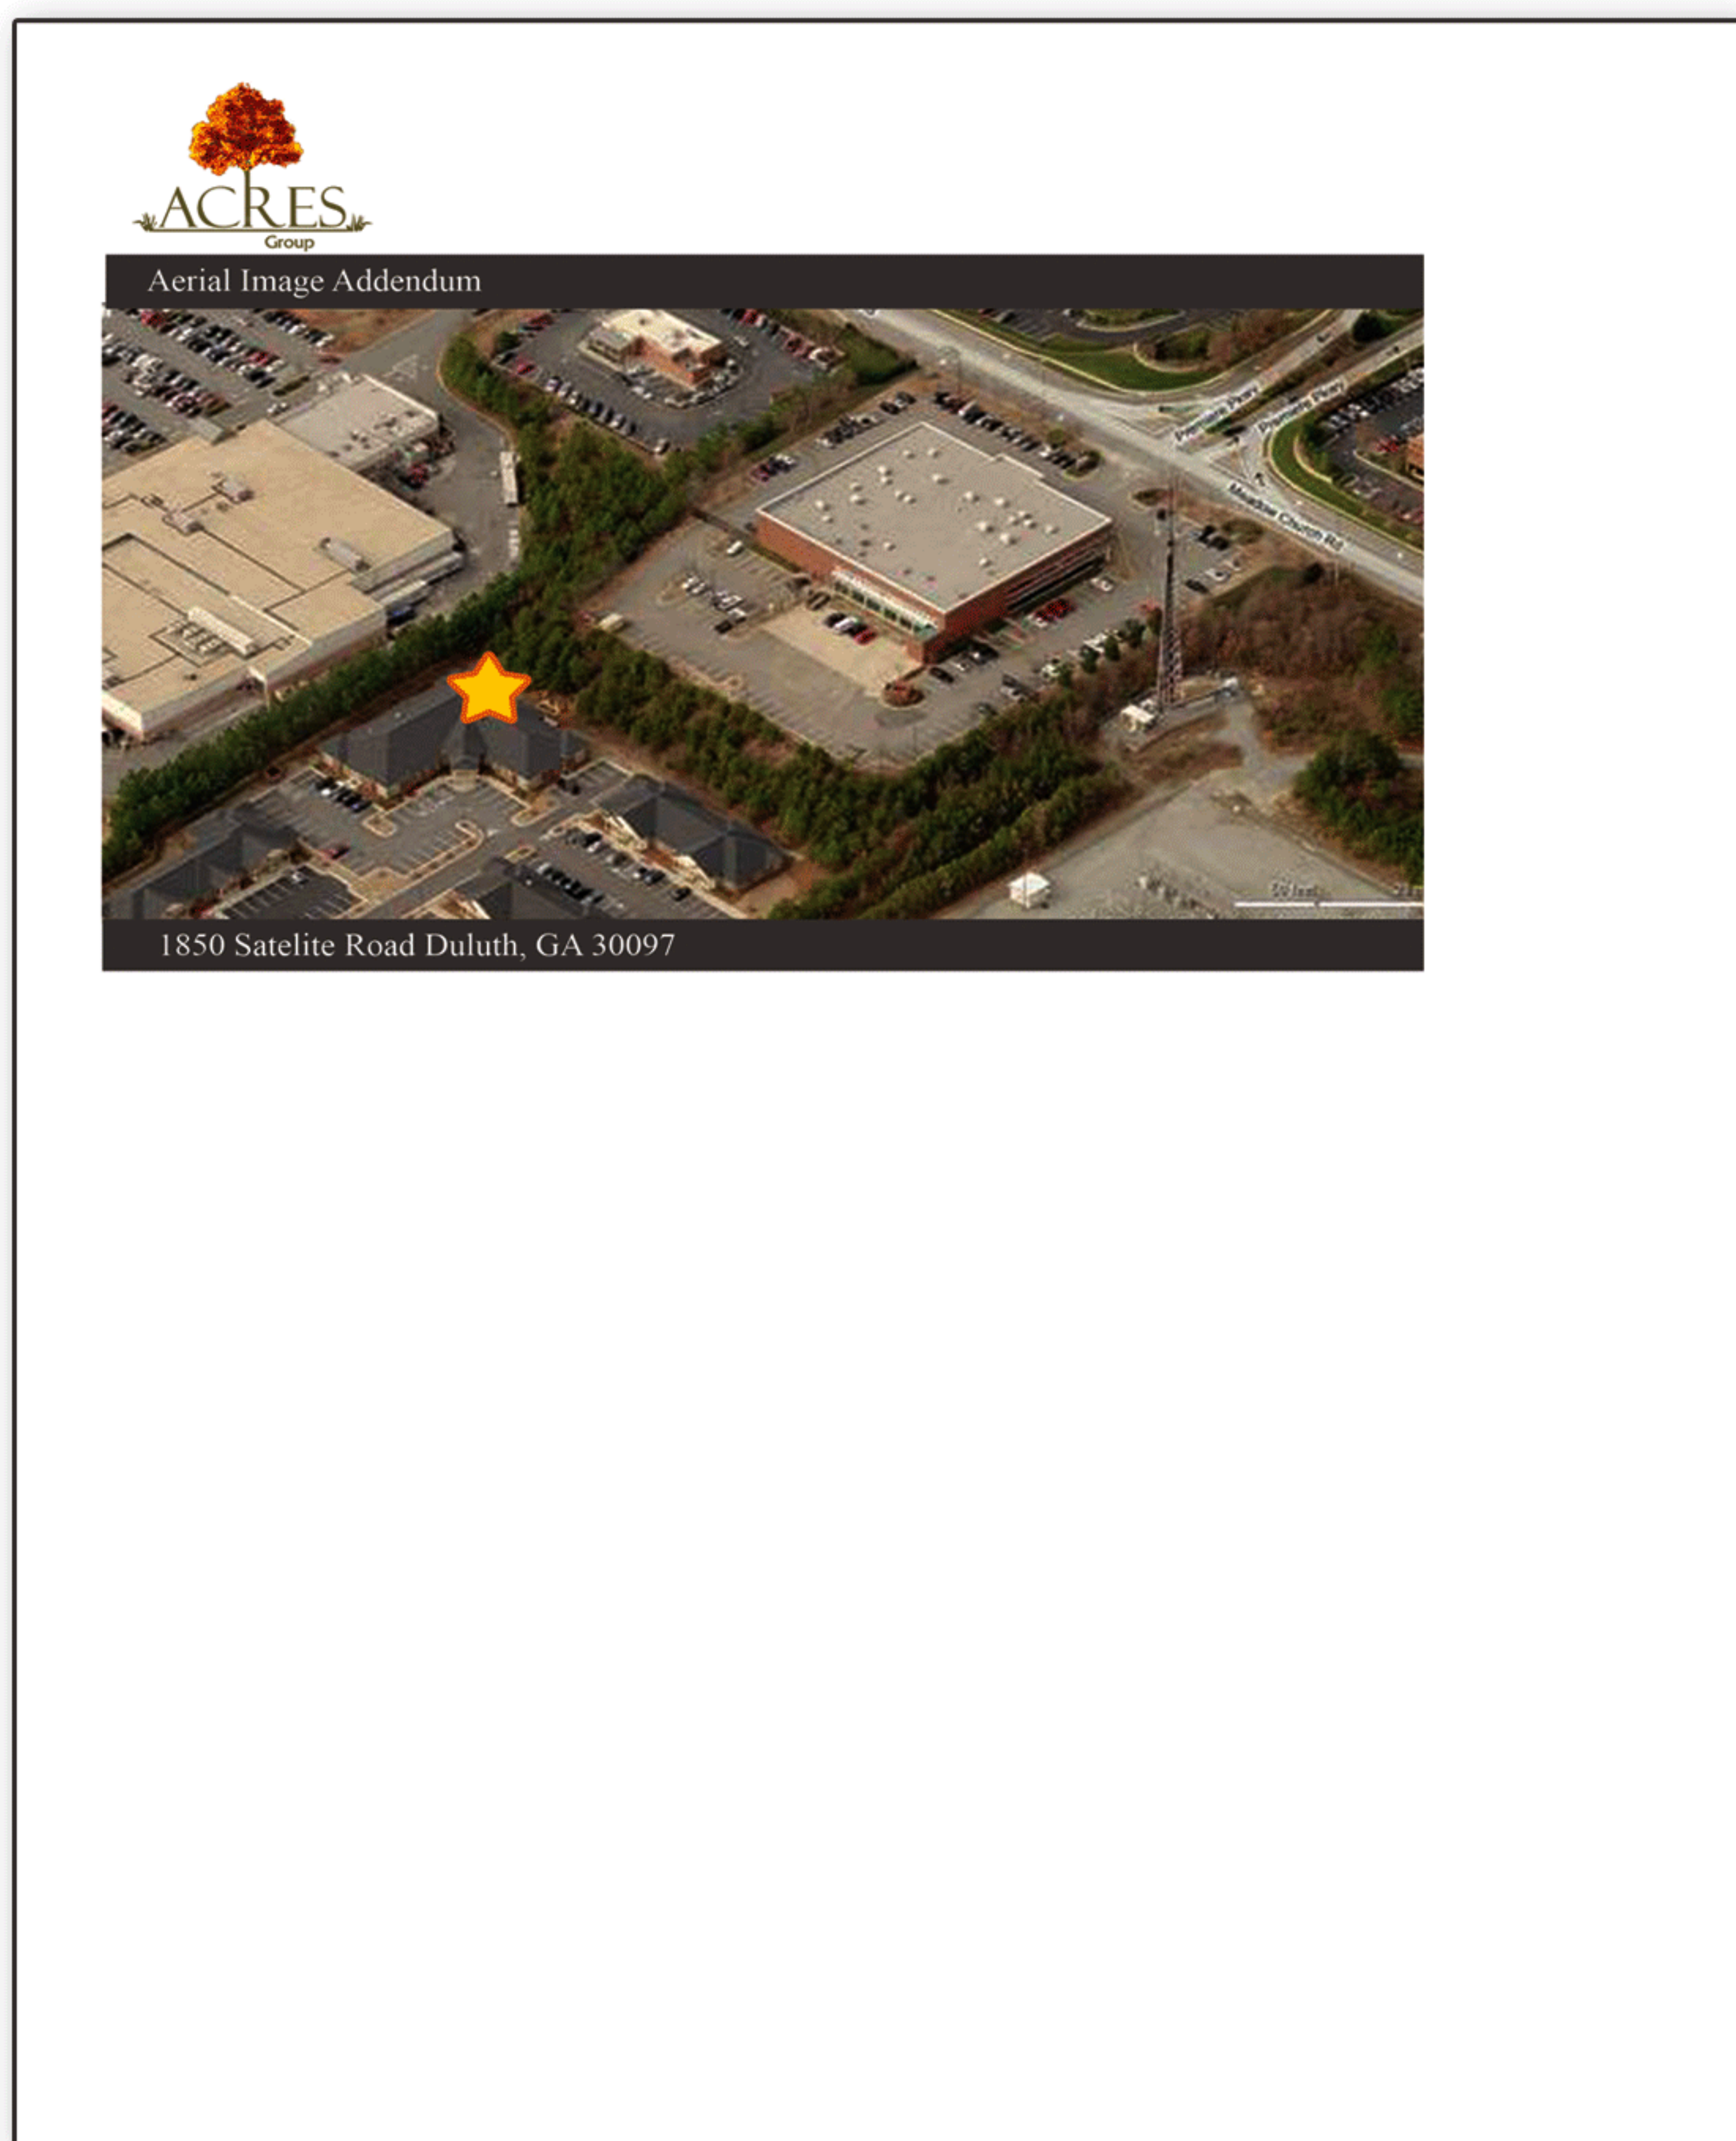

Professional Standards

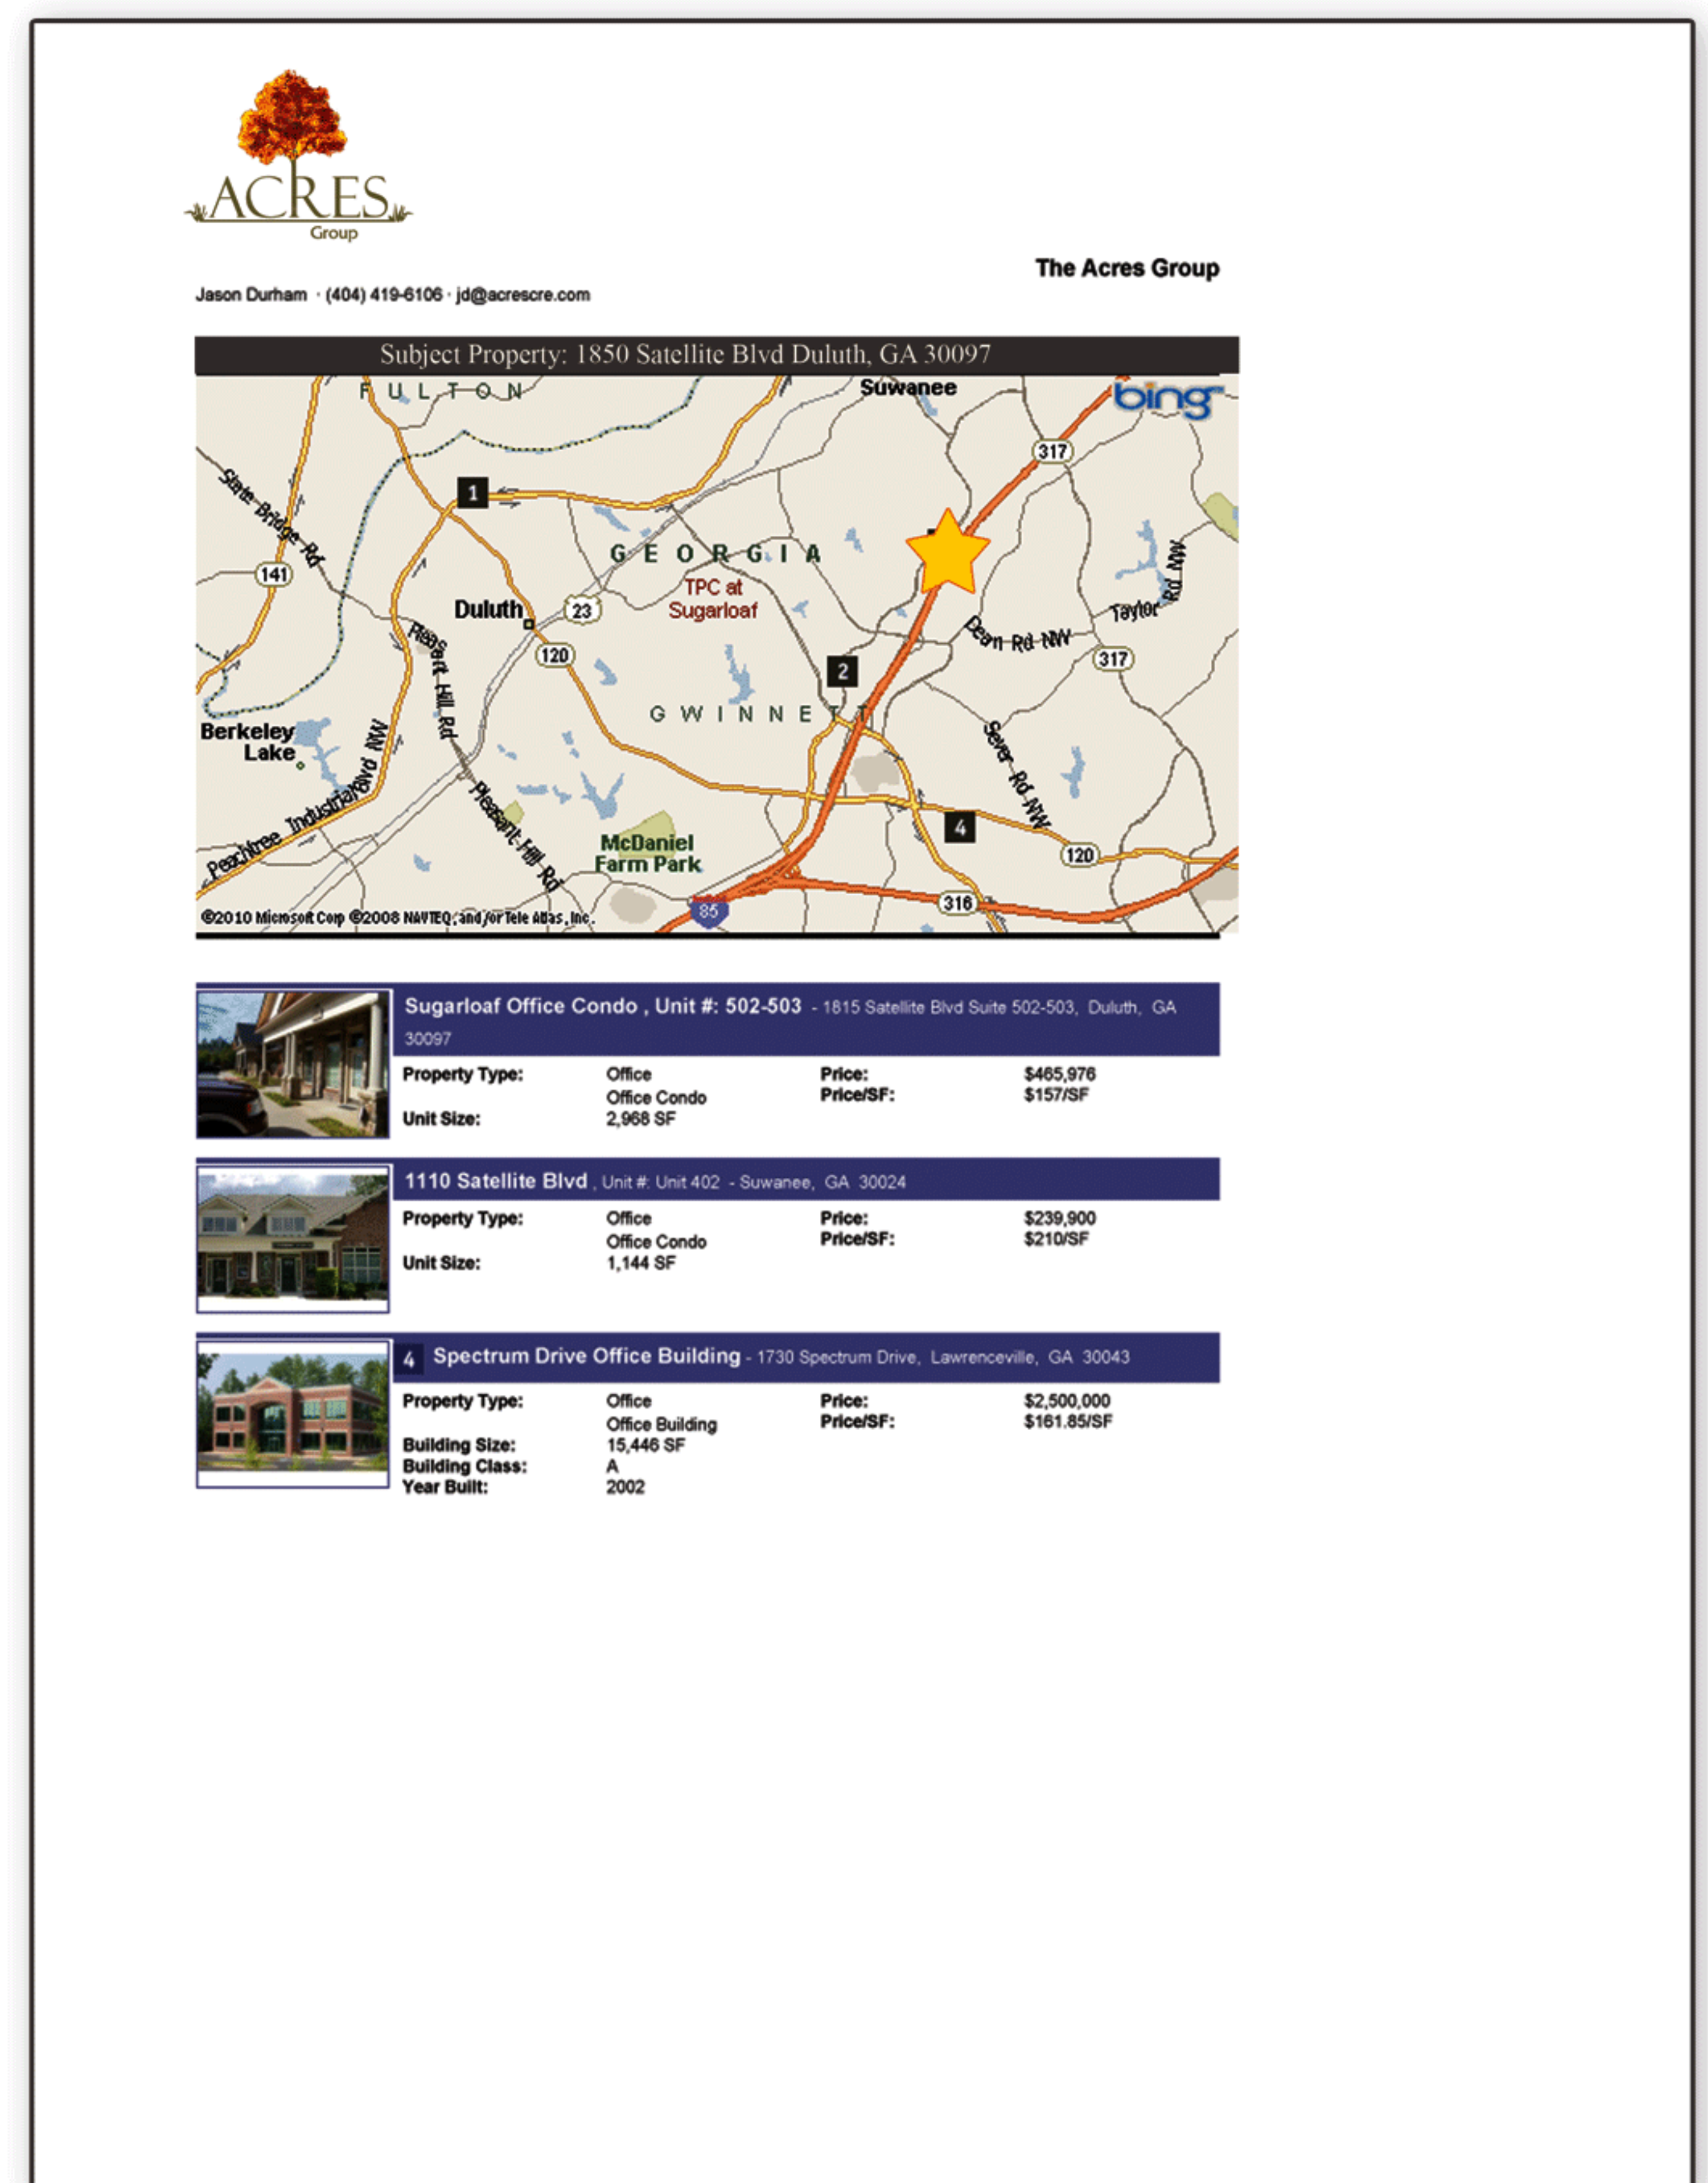

Our professional standards are among the highest in the industry. Our standard-setting reports make The Acres Group a clear choice for those seeking reliable data they can trust. With a variety of types of BPOs to choose from, we have reports that will fit most any budget. Our report types include desk reviews, drive-by reports, interior reports and standard reports. Our stand report includes a summary, introduction, subject property, area demographics, leasing/sales activity, comparables, aerial views, property photo's and more.

About The Acres Group

We are both high-tech and high-touch. The qualities that bring the most value to our clients can be summerized very easily; Experience, Superior Technology and Commitment. We seek to build long lasting relationships with an emphasis on accountability and performance. With every client, with every transaction, strive to create value through vision.

Aerial imagery helps identify additional characteristics about the subject property not easily seen from the street

Detailed map of inspected property with comps provides an added perspective
